Engr. Mehtab Ullah Ahmed

Civil Engineer | **SCE/PEC Registered** | **NEOM Approved**

Phone: +966 53 149 4657 | **Email:** Mehtabktk10@gmail.com

Address: AL Madinah, Saudi Arabia | **Iqama:** Valid & Transferable

PROFESSIONAL SUMMARY

Professional Civil Engineer with 11 years of experience in project planning, scheduling, and project controls across EPC, structure, infrastructure, utilities, bridges, villas, and high-rise projects in Saudi Arabia (KSA) and Pakistan. Expert in Primavera P6, project scheduling, progress reporting, delay analysis, Extension of Time (EOT) claims, and recovery schedules. Proven expertise in critical path management, contractual schedule compliance, KPI monitoring, and project performance optimization. Holds valid transferable Saudi Iqama and professional registration with the Saudi Council of Engineers (SCE) and Pakistan Engineering Council (PEC).

CORE COMPETENCIES

- Project Planning, Control, Tracking & Measurement (Primavera P6, MS Project)
- Baseline Development, Schedule Control & Recovery Schedules
- Progress Measurement, Key Performance Indicator KPIs
- Delay Analysis, Claims & Extension of Time (EOT)
- Resource Planning, Manpower Histograms & Cash Flow Forecasting
- Risk Management & Critical Path Analysis
- Dashboard Reporting & Executive Presentations (Power BI, Excel)
- Contract Administration & Compliance
- Earned Value Management EVM.
- AutoCAD, Advanced Excel, Microsoft Power BI, MS Office

PROFESSIONAL EXPERIENCE

Planning Manager | Aug 2026 - Present

China Gezhouba Group Co. ltd, (CGGC) AL Madinah, KSA

Project: EPC, AL-ALYAA RESIDENTIAL-Cluster D, (KEC Project), AL Madinah, KSA.

Project Cost: 503 million SAR

Key Responsibilities:

- Reviewed and approved baseline, update, and recovery schedules in line with contract scope milestones, & project strategy using Primavera P6.
- Reviewed weekly/monthly progress reports, dashboards, histograms, and S-curves, ensuring accuracy before submission to stakeholders and senior management.
- Monitored project progress, KPIs, and critical path, ensuring timely corrective actions.
- Led coordination with clients, consultants, and project teams to maintain schedule alignment.
- Reviewed EOT claims, delay analysis, and impacted programs.
- Oversaw resource planning, productivity, and lookahead schedules.

- Reviewed and approved resource forecasts including manpower, equipment, and cash flow projections.
- Oversaw development of automated reporting systems and dashboards using advanced Excel and Power BI for accurate project control and reporting.
- Ensured integration across Engineering, Procurement, and Construction activities.

Senior Planning Engineer | May 2024 – Aug 2026
Tabuk Modern Contracting Company (TMC), Duba, Tabuk, KSA
Project: NEOM Port-EPC, T1 Flexible Berth Apron Infrastructure & T2 Bonded Zone Works.
& EPC, Al-Badaa Water Recycling Plant Enhancements Projects, BTF, IC & BDC **NEOM City.**
Project Cost: 200 million SAR
Key Responsibilities:

- Developed, maintained, and controlled baseline and recovery schedules aligned with contract milestones and scope using Primavera P6.
- Developed and maintained Project Management Plans (PMP) in alignment with contract requirements, project scope, and client objectives.
- Conducted coordination meetings with clients, consultants, subcontractors, and internal teams.
- Prepare weekly and monthly progress reports, KPI dashboards, look-ahead schedules, and executive management presentations for clients and stakeholders.
- Monitor project progress against approved baselines, conduct critical path and delay analyses, and recommend corrective actions to ensure timely project delivery.
- Tracked KPIs and analyzed planned vs actual progress to drive corrective actions.
- Prepared Extension of Time (EOT) submissions with narratives, impacted schedules, and supporting documentation (RFIs, VRs, NCRs, correspondence).
- Forecasted manpower, equipment, and cash flow curves.
- Leveraged advanced Excel and Power BI for schedule reporting, automation, and dashboards.
- Coordinated with Engineering, Procurement, Construction, and QA/QC teams.

Senior Planning Engineer | Jun 2021 – May 2024
Shandong Tiejun Electric Power Engineering Co. Ltd. (Red Sea Project), Al Wajh, Tabuk, KSA
Project: Construction of the Concrete Structure Works for the Shura East Hotel H-E4
Project Cost: 89 million SAR
Key Responsibilities:

- Developed and managed baseline schedules with 10,000+ activities using Primavera P6.
- Prepared weekly/monthly progress reports, S-curves, histograms, and dashboards.
- Conducted progress meetings with clients, consultants, and subcontractors.
- Developed 2-week and 1-month lookahead schedules for site execution.
- Monitored KPIs and resource allocation; optimized manpower through histograms and leveling.
- Prepared EOT submissions with detailed narratives and delay analysis.
- Conducted risk analysis and critical path reviews to ensure milestone achievement.
- Reviewed subcontractor schedules for consistency with the master plan.
- Coordinated with engineering, procurement, construction, QA/QC, and commercial teams.

Planning Engineer | Sep 2018 – Jun 2021
Habib Rafiq Pvt Ltd, Islamabad, Pakistan
Project: Capital Smart City (CSC) Islamabad **-** Villas, High-Rise & Infrastructure
Project Cost: 500 billion PKR
Key Responsibilities:

- Developed detailed project schedules from contract documents, BOQs, and drawings.
- Prepared weekly/monthly progress reports, S-curves, histograms, and dashboards.
- Conducted planning meetings and progress updates using Primavera P6.
- Developed lookahead schedules to support construction execution.
- Coordinated planning with project management, construction, procurement, engineering, and QA/QC teams.

Planning Engineer | Sep 2016 – Sep 2018
Luqman Brothers Construction Company, Pakistan

- Prepared progress plans and contributed to weekly/monthly reports.
- Conducted site inspections and coordinated with consultants for approvals.
- Prepared Interim Payment Certificates (IPCs) and RARs.
- Assisted in cross-sections and bar bending schedules for culverts and structures.

APPROVALS & PROFESSIONAL CERTIFICATES:

- **NEOM Approval –** Approved by NEOM as Sr. Planning Engineer
- **Red Sea Global (RSG) Approval –** Approved by RSG as Sr. Planning Engineer
- **Primavera P6:**
  - Project Management with Primavera P6 (5 PDU)
  - Contract, Delays, and Claims with Primavera P6 (2.5 PDU)
  - Advanced Planning & Scheduling with Primavera P6 (11.5 PDU)
- **Microsoft Power BI:** Microsoft Power BI Data Analyst Associate (PL-300) **-** 2024
- **Project Managers:** Mastering Complexity: Essential Skills for Project Managers
- **DIT:** Six-Month Computer Course

REGISTRATIONS & PROFESSIONAL AFFILIATIONS

- **Saudi Council of Engineers (SCE) -** Registered Engineer | Reg. No. 1189772
- **Pakistan Engineering Council (PEC) -** Professional Civil Engineer | Reg. No. Civil/41994

EDUCATION

BSc Civil Engineering | UET Taxila Pakistan - Nov 2012 **-** Aug 2016 CGPA: 3.23/4.00
FSc (Pre-Engineering) | BISE Kohat - 2009 **-** 2011 | 1st Division
SSC (Science) | BISE Kohat - 2009 **|** 1st Division

TECHNICAL SKILLS

- **Planning Tools:** Primavera P6, MS Project
- **Design & Engineering:** AutoCAD
- **Data & Reporting:** Advanced Excel, Power BI, Dashboards, S-Curves, Histograms
- **Office Tools:** Microsoft Word, Excel, PowerPoint
